

Red Mountain Trick Tank Repair - Red Mountain, AZ

Start Date: 6/12/2026

End Date: 6/14/2026

Where:

Red Mountain, Coconino National Forest
35.5750416, -111.9327945

When :

June 12 - 5:00 PM Start

June 14 - 12:00 End

We will be rebuilding an Arizona Game and Fish trick tank that provides critical water for elk, deer, bear and other critters. AZGFD has asked us to do this work because they know BHA members aren't afraid of a good hike! The tank is several hundred yards from an old two-track, so bring your work gloves and a good pair of boots, and be ready to carry materials to the work site. Older kids and well-behaved dogs are welcome, though younger kids may want to stay back at camp.

Here's the schedule:

June 12 - Arrive and set up camp

June 13 - Work! AZ BHA will provide lunch and drinks. Bring something to share for a potluck dinner at camp

June 14 - Wrap up any remaining work and tear down camp

We'll raffle off some BHA swag once the work is done. Additional instructions, including the specific location for camp, will be sent in early June.
