

Alaska Copper Ammo Night at Seward Brewing Co.

Start Date: 5/18/2026 6:00 PM

End Date: 5/18/2026 8:00 PM

Timezone: AKDT

???? Alaska Copper Ammo Night – Seward

Thinking about making the switch to copper ammunition? Want to see how it actually performs before trying it yourself?

Join the Alaska Chapter of Backcountry Hunters & Anglers for an evening at Seward Brewing Company focused on modern copper ammo, hunting performance, and conservation.

We'll have hands-on educational displays, ballistic gel examples, and information about Alaska's Copper Ammo Challenge Rebate Program—including how you can get reimbursed for trying copper ammunition in your own rifle.

?? During the event, we'll cover:

- Real-world copper bullet performance using ballistic gel demonstrations
- Key differences between traditional lead-core and all-copper ammunition
- Benefits of copper ammo for hunters and wildlife alike
- How the rebate program works and how to participate

Whether you're gearing up for fall hunts, dialing in a new rifle setup, or simply curious about the growing interest in copper ammo, this is a great chance to ask questions and connect with fellow hunters and shooters.

?? Grab a pint, bring a buddy, and join the conversation.

Free and open to the public.

Huge thanks to Seward Brewing Company for hosting us!
